Financial Services Guide

This Financial Services Guide (FSG) contains important information about:

- Who is Skybridge Portfolios Pty Ltd
- How we can be contacted
- The services we offer you
- How we are remunerated
- Details of any potential conflicts of interest
- Our internal and external dispute resolution procedures and how you can access them
- How we collect and use your personal information.

It is intended that this FSG should assist you in determining whether to use any of the services described in this document.

Our advice will be provided to you in a written Statement of Advice (SOA), which will inform you of:

- the advice we are providing to you and why it is appropriate to your financial objectives
- our fees and any commissions or brokerage
- any associations we have with Financial Product Issuers or other parties that may have influenced the advice we have given you

On an ongoing basis a Record of Advice (ROA) will be provided instead of an SOA where there has been no significant changes in your personal circumstances, or the basis of advice has not significantly changed since the last SOA was provided to you.

In some instances we may provide the advice to you orally. In this case we will record the details in an ROA and keep this for seven (7) years after providing the advice to you. You can request a copy of that Record from your adviser.

In the event we make a recommendation to acquire a particular financial product (other than securities) or offer to issue or arrange the issue of a financial product, we must also provide you with a Product Disclosure Statement (PDS) containing information about the particular product which will enable you to make an informed decision in relation to the acquisition of that product.

If you choose to use our services, you may also receive from us a SOA and/or a ROA. You have the right to request any of these documents from us.

If we recommend a particular product, we will provide you with specific information in relation to it. This will be contained within a PDS. Together these documents will allow you to make an informed decision about our recommendations.

Not Independent

Skybridge Portfolios Pty Ltd receives commission payments on Life Insurance Products. This allows us to advise and place your insurance without charging you, the client, directly but rather receiving remuneration from product issuers. This commission does not increase the cost of your insurance premiums and the commissions paid are the same for every provider we use. But receiving these commissions means we are not allowed to use the words Independent, Impartial or Unbiased when describing our business. For more information on this please ask your adviser.
